

DONG Energy E&P QHSE Policy

DONG E&P explores for, develops accumulations of and produces Oil and Gas in accordance with the requirements and needs of our owner and customers.

The operations in which DONG E&P are involved are conducted with responsibility and competence for the benefit of our shareholders, customers, employees, the surrounding society and with respect of environment.

DONG E&P will:

- Develop and implement a strong culture regarding Quality, Health, Safety and the Environment
- Improve the quality of our products and services
- Prevent pollution and minimise our consumption of resources and the impact on the environment
- Minimise our Health, Safety and Environmental Risk level
- Improve our working environment and prevent injury and ill health
- Continually improve our work processes and systems for management of Quality, Health, Safety and the Environment
- Comply with legal requirements and with other requirements to which the organization subscribes
- Cooperate with subcontractors and consultants who work with a similar policy.
