

***THE OFFSHORE PETROLEUM PRODUCTION AND PIPE-LINES  
(ASSESSMENT OF ENVIRONMENTAL EFFECTS) REGULATIONS 1999  
(THE EIA REGULATIONS)***

**PETROLEUM OPERATIONS NOTICE 16  
SUBMISSION OF AN ENVIRONMENTAL STATEMENT  
IN SUPPORT OF AN APPLICATION FOR CONSENT OF  
A PROJECT**

**DATA ON THIS FORM MAY BE RELEASED TO THE PUBLIC**

The PON16 is a form that supports the submission of Environmental Statement under the EIA Regulations detailing the Application for Consent required under the Petroleum Act 1998.

The regulator and consultees will be notified that the undertaker has submitted a completed PON16 form and an Environmental Statement. It is the responsibility of the undertaker to ensure that the Application for Consent for either for a field development, construction of a pipeline or the drilling of a well is submitted in accordance with the requirements of the Petroleum Act 1998.

Any queries regarding the PON16 form, or a specific application, should be addressed to:

Environmental Management Team

**Section B1: PROJECT INFORMATION**

Please specify the name of the Project name for which the Application for Consent under the Petroleum Act 1998 is being made.

Name:                    Well 214/30a-A (Glenlivet)

Name of Environmental Statement Submitted (if different from Project Name)

Name:                    Environmental Statement Exploration Well 214/30a-A (Glenlivet)  
West of Shetland

Please indicate the Nature of the application you are making with this form:

- (i)     Drilling of Wells        Yes
- (ii)    Getting of Petroleum      No
- (iii)   Construction of a Pipeline    No

Please indicate the Main Elements of the Activities that are the subject of this Application:

- (i) Field Development with Installations, Wells and Export Pipelines No
- (ii) Field Development with Installations and Wells No
- (iii) Field Development – Incremental Project No
- (iv) Field Re-development No
- (v) Pipeline(s) (including repair and replacement) No
- (vi) Exploration Well(s) Yes
- (vii) Other (Please state) No

**Section B2: PROJECT LOCATION**

Main Project Location West of Shetland

Quad 214

Block Number 30

Block Suffix a

Project location 61° 04' 36.18" N Latitude, 02° 06' 48.787" W Longitude  
(ED50)  
(Please include N and W / E designations)

Distance to nearest UK coastline 64 km Which coast? ~~England / Wales /~~  
Scotland ~~NI~~

Distance to nearest transboundary line 95 km Which line? UK/Faroe Islands

Pipe-line	Quadrant	Block No	Country	Facility	Latitude	Longitude
Start						
End						

### Short Description of Project

Exploration well in Block 214/30a to be drilled by the *Transocean Rather* semi-submersible drilling rig.

Licence Number Under Which the Activity(ies) will  
be Undertaken P1195

Licence Awarded in Round (if appropriate) 22<sup>nd</sup> Seaward Licensing Round

Licensees and Percentage of Equity Held:

DONG E&P (UK) Ltd (70%);  
SAGEX Petroleum UK Ltd (20%);  
Faroe Petroleum (UK) Ltd (10%).

### **Section B3: INCREMENTAL PROJECTS**

If an 'Incremental Project', please provide the Name of the original project.

Name: n/a

Has this project been the subject  
of a previous Environmental Statement?

~~Yes~~/ No

Date of Submission to DTI of Any Earlier  
Statement Related to this project

Reference Number of Earlier Statement

**Section B4: HOST INSTALLATION**

Host Installation Name

Associated Field Name(s)

Has this Project been the Subject of an Environmental Statement (ES)

Yes/No

Date of Submission to DTI of Any Earlier ES Related to the host installation.

Reference Number of Any Earlier ES Related to this installation.

**Section C: PROJECT DATES AND IMPACTS**

Anticipated Duration of works 40 days, within the period From July 2009 To December 2009

Significant Environmental Impacts Identified None
